E-mail Address: <a href="mailto:glenn.s.rabin@ALLTEL.com">glenn.s.rabin@ALLTEL.com</a>	
<b>Section 2</b>	
<b>Local Area 911 Implementation</b>	
List all individual local areas covered by this report (e.g., Lee County, Virginia):  Pike County, Alabama	
(a) For each area listed above, identify the emergency response point to which 911 call will be routed.  ACI is currently awaiting a response from Governor Don Siegelman	
(b) For each area listed above, provide details of the carrier's progress in completing translation and other work necessary to route 911 calls to the identified emergency response point.  ACI is currently awaiting a response from Governor Don Siegelman. At the current time the customer's 911 call is answered at the Pike County Sheriff Office as well as other agencies depending on which cell site/sector the call is placed from.	
(c) For each area listed above, provide the date or projected date that transition to the 911 abbreviated dialing code will be completed. By September 11, 2002	

**Section 3****911 Implementation Problems**

- (a) Describe any problems the reporting carrier has encountered in identifying 911 number call routing points. Describe any other operational problems carrier has experienced during the initial transition stages.

As of 4/12/02 have not received routing information.

- (b) Where the reporting carrier has experienced 911 implementation problems, describe any efforts the carrier has made to coordinate with public safety agencies and state and local authorities.

March 13, 2002 letter sent to Governor Don Siegelman.

**Section 4****Certification - To be signed by an authorized representative of the reporting entity**

— I certify that I am an authorized representative of the above-named reporting entity, that I have examined the foregoing report and to the best of my knowledge, information and belief, all statements of fact contained in this form are true and accurate statement of the affairs of the above-named company.

— I certify that I am an authorized representative of the above-named reporting entity, that I have examined the foregoing report and to the best of my knowledge, information and belief, all statements of fact contained in this form are true and that the reporting entity has completed the steps necessary to properly route 911 emergency calls in the localities covered by the report as of\_\_\_\_\_.

Wilson.

Ozark County – ACI is currently awaiting a response from Commissioner David Morrison.

Putnam County – ACI is currently awaiting a response from Commissioner Charlie Fowler.

Schuyler County – ACI is currently awaiting a response from Commissioner Robert G. Aldridge.

Scotland County – Scotland County Sheriff Office, 660-465-2106. This information will be provided to ACI's network technicians at the next implementation meeting april 17, 2002.

St. Clair County – ACI is currently awaiting a response from Commissioner L. Wayne Scott.

(c) For each area listed above, provide the date or projected date that transition to the 911 abbreviated dialing code will be completed.

By September 11, 2002

### Section 3

#### 911 Implementation Problems

- (a) Describe any problems the reporting carrier has encountered in identifying 911 number call routing points. Describe any other operational problems carrier has experienced during the initial transition stages.

March 13, 2002 letter sent to Governor Bob Holden

March 14, 2002 Larry Krajci with ACI received an email from Ric Telthorst advising that Gov. Holden was expected to soon issue an executive order designating the Mo. Office of Administration as the state facilitator for the implementation of the order. He advised that R. D. Porter, Mo. OA, had contacted him to help plan a roundtable meeting of LECs, and Wireless Service Providers (WSPs) to discuss implementation of the order.

March 28, 2002 Candy Green with ACI received a letter from Mr. R. D. Porter requesting that she contact him because he had several questions.

March 29, 2002 Ms. Green contacted Mr. Porter and answered his questions. He advised Ms. Green on this call to contact each County Commissioner for routing termination points. He provided a website address that she could not access. After several e-mails back and forth between the two he did provide her with an email address she could access to obtain the names, addresses and phone numbers of the County Commissioners. He also requested a copy of the current wireless routing for 911 calls which Ms. Green provided via email on March 29, 2002. He did request that ACI contact each County Commissioner identified in her March 13, 2002 letter to give each Commissioner an opportunity to make the final determination of where the 911 calls would be routed for their respective counties.

March 29, 2002 Ms. Green sent letters to each of the County Commissioners.

- (b) Where the reporting carrier has experienced 911 implementation problems, describe any efforts the carrier has made to coordinate with public safety agencies and state and local authorities.

March 13, 2002 letter sent to Governor Bob Holden

March 14, 2002 Larry Krajci with ACI received an email from Ric Telthorst advising that Gov. Holden was expected to soon issue an executive order designating the Mo. Office of Administration as the state facilitator for the implementation of the order. He advised that R. D. Porter, Mo. OA, had contacted him to help plan a roundtable meeting of LECs, and Wireless Service Providers (WSPs) to discuss implementation of the order.

March 28, 2002 Candy Green with ACI received a letter from Mr. R. D. Porter requesting that she contact him because he had several questions.

March 29, 2002 Ms. Green contacted Mr. Porter and answered his questions. He advised Ms. Green on this call to contact each County Commissioner for routing termination points. He provided a website address that she could not access. After several e-mails back and forth between the two he did provide her with an email

address she could access to obtain the names, addresses and phone numbers of the County Commissioners.

March 29, 2002 Ms. Green sent letters to each of the County Commissioners.

Of the letters sent, only one (Scotland) county has responded to date.

<b>Section 2</b>	
<b>Local Area 911 Implementation</b>	
List all individual local areas covered by this report (e.g., Lee County, Virginia):  Appomattox County, Virginia Bland County, Virginia Lee County, Virginia Dickenson County, Virginia	
(a) For each area listed above, identify the emergency response point to which 911 call will be routed.  ACI is currently awaiting a response from Governor Mark R. Warner.	
(b) For each area listed above, provide details of the carrier's progress in completing translation and other work necessary to route 911 calls to the identified emergency response point.  Appomattox County – ACI is currently awaiting a response from Governor Mark R. Warner. At the current time the customer's 911 call is answered at the State Police HQs. If the 911 call is a result of an accident then a State Police officer responds. If it is for fire or rescue they notify the county to respond. All other 911 calls could be handled by either agency depending on available resources. Bland County - ACI is currently awaiting a response from Governor Mark R. Warner. At the current time the customer's 911 call is answered at the State Police HQs. If	

the 911 call is a result of an accident then a State Police officer responds. If it is for fire or rescue they notify the county to respond. All other 911 calls could be handled by either agency depending on available resources.

Lee County - ACI is currently awaiting a response from Governor Mark R. Warner. At the current time the customer's 911 call is answered at the State Police HQs. If the 911 call is a result of an accident then a State Police officer responds. If it is for fire or rescue they notify the county to respond. All other 911 calls could be handled by either agency depending on available resources.

Dickenson County - ACI is currently awaiting a response from Governor Mark R. Warner. At the current time the customer's 911 call is answered at the State Police HQs. If the 911 call is a result of an accident then a State Police officer responds. If it is for fire or rescue they notify the county to respond. All other 911 calls could be handled by either agency depending on available resources.

(c) For each area listed above, provide the date or projected date that transition to the 911 abbreviated dialing code will be completed.

By September 11, 2002

**Section 3****911 Implementation Problems**

- (a) Describe any problems the reporting carrier has encountered in identifying 911 number call routing points. Describe any other operational problems carrier has experienced during the initial transition stages.

As of 4/12/2002 have not received routing instructions.

- (b) Where the reporting carrier has experienced 911 implementation problems, describe any efforts the carrier has made to coordinate with public safety agencies and state and local authorities.

March 13, 2002 letter sent to Governor Mark R. Warner.
